

Japan,Cambodia

Thailand , graduates and more!

Off to Japan! A week after I got home from Portugal I was off to join the "Cup of Water Foundation " celebration in Osaka, Japan for their 10th year anniversary . I love their name and as it implies they have come along side our homes and have blessed us with many cups of water! It was a great trip not only sharing about what God is doing in our homes but was a wonderful time of encouraging and praying for a lot of individuals! Plus Jantanee , our house leader from the Chiangrai house got to go as well! Touched and bless!

In my last newsletter I mentioned the need for MMF school teachers living quarters....Finished ! A kind church in San Diego provided for that and the teachers are ecstatic , feel safe and love their rooms. Now to redo the 3 toilets rooms for the kids! Also while I was in Cambodia it was a great time to meet and talk and pray with the Poipet graduates- leaving home and growing up is never easy but welcome to the real world eh? They are doing well.

Thailand has been non stop as well. The Thai leadership has had their share of change of staff, rough relationships and personal challenges, I say its all part of the process , plus the growth continues. The kids are doing well, Margi with the Babies Home, Mk at the Chiangsaen home, Mattai with the Hmong kids in Thoeng. Recently a leader was telling me about one of her girls was saying that her school bus got into a small accident. This young lady then thought what if this was a serious accident and I was going to die!!!....Is there anybody I need to forgive before I see God? Out of the mouths of babes eh? May we all continue to pour into these young children lives and people around us.

Happy Birthday Marty

Presently I am visiting Marty and John in Bangkok. Great news: Lord willing this Wednesday is Marty last treatment of antibiotics, (Chemo finished a couple of months ago). Then one month after that (around Dec.14th) she will have a complete body scan and hopefully declared fit and free for their next step in their lives. Please keep my sis and brother in law in your prayers, Thank you. Also caught up with the bible seminary students, Kalaya and Chalerm, a wonderful visit and prayer!

Probably from my Walk to Santiago I'm still in a very contemplative mindset. Or maybe having the "Big Flu" for couple of weeks recently did indeed slow me down. Whatever the reason, I'm enjoying a time of quietness of soul and my inner man seems to be at rest of simply enjoying God's presence and His love. I'm enjoying this stillness in the Lord because sometimes there's a lot of restlessness there! May the Lord bless you with His presence as there is nothing in this world it can compared with.

In Awe of our Lord,
